

# Location

## By Car

Take M56 from M6 or M60, leave at junction 6, take A538 to Wilmslow.

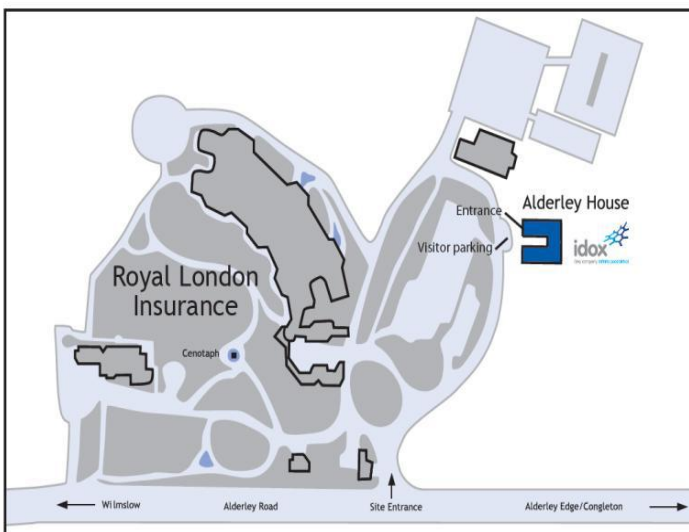

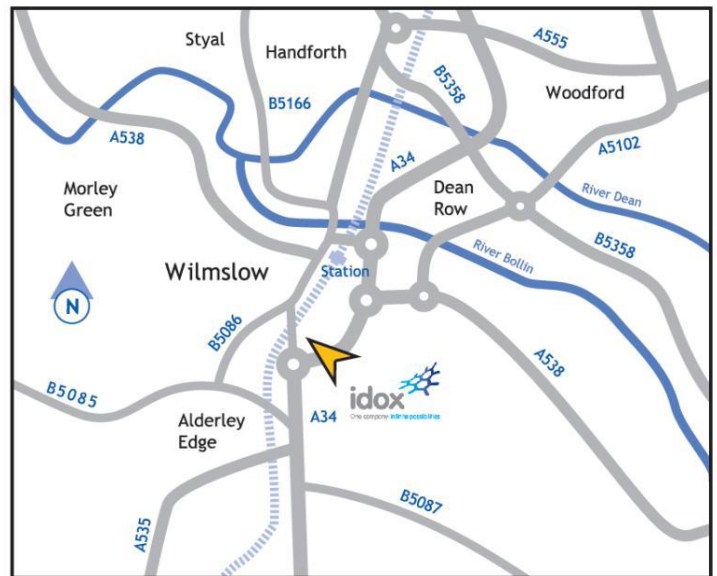

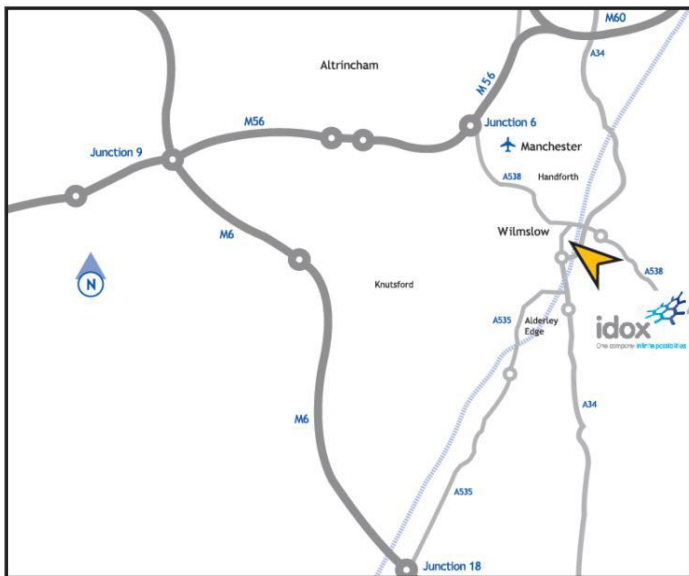

Further instructions for arriving at the Idox Wilmslow office can be found on the following page.

## By Train

Alderley House is around two miles from Wilmslow station. It is a twenty minute brisk walk but taxis are available from the station.

## From Wilmslow

From the traffic lights at Barclays Bank head south on Alderley Road to Kings Arms roundabout. Straight ahead towards Alderley Edge. Turn left at the next set of traffic lights onto the Royal London site.

## Instructions for arriving at the Idox offices in Wilmslow, Cheshire

If you are driving to our training event, you will find the visitor spaces available as indicated on the map at the bottom of the above page.

(Please note: there are two entrances to the site – the entrance that you should choose is the one that doesn't have the pedestrian lights. You will see a sign saying 'MX Data' at the correct entrance.)

This is a small area and may fill up quickly. However, there are further visitor spaces close to the entrance in the following two areas:

- Take the first right (through the barrier) and press the barrier call button to say that you are here for the Idox training course. The parking places are immediately to your left.
- Enter the Overflow Visitor Car Park on your immediate left (no entrance through barrier required).

To enter Alderley House, you need to walk up the hill following the road. On the right-hand side, you will see the building Alderley House; access is through the double glass doors over the footbridge. There is a buzzer through to Reception.

Any problems finding us on the day, please call on 01625 628007 and we will direct you.
